## Why transfer to Oregon Institute of Technology

1. We are Oregon's Institute of Technology and are founded in excellence through hands-on learning.
2. We have two beautiful locations in Oregon with our traditional residential campus in Klamath Falls as well as our urban campus in the Portland-Metro area.
3. We are known for our excellent programs in our College of Health, Arts, and Sciences and College of Engineering, Technology, and Management.
4. Due to the hands-on nature of our programs, 97% percent of our students are employed or continuing the graduate school within 6 months of graduating and are starting with salaries of \$58,000 on average.
